BEFORE YOU START

This plan is specifically designed for your fat loss goal, aligning with your daily calorie and macro targets.

All food choices are based on affordable, easily available, and healthy South Indian ingredients – no exotic supplements or expensive items.

Absolutely no Brinjal (Kathirikai) has been included due to your allergy.

Remember to drink water 30 minutes before every meal to aid digestion and satiety.

DAILY HABITS — NON-NEGOTIABLES

Hydration	Aim for 2.5 litres of water daily. Keep a 1-liter bottle handy and refill it at least twice after your morning drink.
Meal Timing	Try to stick to the suggested meal timings for optimal digestion and metabolism. Consistent eating patterns support fat loss.
Oil Intake	Limit visible cooking oil to 2-3 teaspoons (10-15 ml) per day, using healthy options like groundnut oil, sesame oil, or ghee sparingly.
Movement	Beyond your gym sessions, aim for at least 30 minutes of brisk walking daily. Avoid sitting for more than 1 hour continuously.
Sleep	Prioritize 7-8 hours of quality sleep each night. It's crucial for recovery, hormone balance, and effective fat loss.
Consistency	Consistency is key to results. Follow the plan diligently for best outcomes, and don't hesitate to reach out if you have questions.
Mindful Eating	Eat slowly, chew your food thoroughly, and pay attention to your body's hunger and fullness cues.
What to Avoid	Strictly avoid sugary drinks, fried snacks, packaged foods, and excessive restaurant meals. These hinder your fat loss progress.
